
Security Password Generator

Posted by Allie Gentry - 2008/04/06 18:28

This is a tool which generates random passwords.

This link allows you to generate the password via the website or you can download the product to your desktop.

<http://www.pctools.com/guides/password/?length=8&phonetic=on&alpha=on&mixedcase=on&numeric=on&nosimilar=on&quantity=1&generate=true>

Password Bird

A password generator that generates random passwords from the information you provide. The result is a hard-to-guess word that is familiar and easy for you to remember.
